Dear valued customer,

Dawn Industries is putting into effect a 5% Price Increase effective January 2, 2019. It is never an easy decision to put a price increase into effect but it has now become evident we must increase our product pricing. We have been receiving price increases from all segments beginning in July and we cannot absorb any more.

Please contact us directly or contact your local Dawn Representative to get your 2019 price list.

Best regards,
